

The PDEC understands/has an awareness of...	In developing the plan, the PDEC...	In implementing the plan, the PDEC...
-the district's strategic plan and the key needs and issues in the areas of student and educator growth, curriculum and instruction, and leadership at the district and school level.	-analyzes and synthesizes key needs and issues that contribute to professional learning, educator and student growth, and district and/or school development, inclusive of available resources - funding, people, time, technology and materials.	-monitors to determine if the comprehensive plan addresses needs and issues as identified at the district and school level.
-how professional learning supports district and school level strategic planning in areas including, but not limited to: curricular change, new initiatives, instructional practices, content-specific knowledge and skills, and leadership growth for teachers and administrator	-aligns educator professional learning to student growth and development needs and district and school goals.	-identifies representatives, at the district and school level, to facilitate discussion with educators focused on how the plan will support district and school goals.
-the areas in which, and the degree to which, the PDEC makes decisions regarding how resources (Funding, people, time, technology and material) are identified accessed, used and evaluated or professional learning.	-ensures alignment to the Connecticut Standards for Professional Learning, relevant Connecticut standards, and other agreed-upon standards for educator practice and student growth. -develops avenues through which district and school staff will become familiar with the Connecticut Standards for Professional Learning and how they align with agreed-upon standards for educator practice and student growth.	-identifies representatives, at the district and school level, to facilitate discussion with educators focused on how they will build their awareness of the Connecticut Standards for Professional Learning, relevant Connecticut standards, and other agreed-upon standards for educator practice and student growth.
-the principles and developmental stages of change and how professional learning leads to building district capacity and long-lasting change.	-plans implementation of professional learning so as to support long-lasting change that leads to educator and student success.	-identifies and uses tools to support the professional learning needed to implement change and to monitor change efforts.
-professional learning as a series of varied learning experiences, not single events or a one-size-fits-all approach to learning.	-models, advocates for, and supports relevant, job-embedded learning that enhances practices, facilitates skill development and builds capacity of educators throughout the district.	-ensures that the resources and learning designs educators can choose to use are flexible and appropriate for helping them meet their individual and/or collective learning goals.
-how adults learn.	-ensures that the plan has the flexibility to enable educators to self-direct their learning and connect it to practice, so the context in and methods by which they learn meet their learning styles and needs.	-actively works with educators at the district and school level to learn how to develop, implement and assess learning plans that connect district and school goals, student learning needs, and their individual and/or collective learning needs.
-how to appropriately include all educators in planning professional learning that takes place on the district, school and individual level, and is highly self-directed, intensive, sustained and connected to their practice.	-collaborates with teachers, administrators, and representative groups to determine what professional learning is needed at the district level -determines how to support collaboration at the school, small group, and individual level to plan professional learning activities.	-ensures that district-wide professional learning is planned for representative groups of educators and is appropriate for district level professional learning objectives. -ensures that planning at the school, small group and individual level is done collaboratively to best meet educator learning needs
